It gives me great pleasure to bring out the third issue of the campus bulletin 'The Front Foot', that beautifully presents the events that took place on the campus during the last six months.

## Editor's Pen

The Front Foot has grown to have a distinct personality of its own since its inception one year back. Working with this as a member of the Editorial Team for the last one year has made it a part of me.

I identify with the emotion that each page portrays and honestly feel that it tells its own story. 'The Front Foot' definitely talks about the campus with pride and keeps abreast of events, activities, happenings and achievements of the institution and provides information in a lucid way.
