Office of the Principal
PRANANATH COLLEGE (AUTONOMOUS)
KHORDHA-752057(ODISHA)

Our college has entered into collaboration with leading and pioneering 63 institutes of the state. This is primarily done so as to bring about excellence in our college and to instill amongst the students the leadership qualities so that they can face challenges in their lives. Our college has organized many activities so as to bring to light the hidden talents of the students. Another important aspect of this collaboration is to enrich the students as well as the staff for their holistic development. Career counselling is organized to motivate the students to excel in their studies. The institution also organizes blood donation camps where the staffs and the students donate blood to save the precious lives of the people. These collaborative activities ignite new ideas amongst the students and inspire them to take collective action for the betterment of the college as well as the society at large. Many confidence building activities are organized where students gain valuable insights and skills.
