PROCEEDINGS OF THE ACADEMIC COUNCIL MEETING
ON 30.09.2018 at 11.00 a.m.
PRANANATH AUTONOMOUS COLLEGE, KHORDHA

The Principal Dr. Bidyadhar Behera while presiding over the meeting welcomed all the members of the Council. He highlighted on the status of the college (NAAC 'A' level in Accreditation Cycle CPE) and appealed for viable suggestions from the learned members to prepare a framework of actions to bring changes so that the college scales greater heights of excellence. This will also pave way for converting this college to a University. He focused on an innovation-integration approach to revitalize the system.

The minutes of the last meeting were presented by Dr. Nanda Kishore Biswal, Prof. I/C, U. This provoked intervention from Prof. Ranjan Kumar Bal's side who suggested that Academic Council meeting should be made an Annual feature which should sit ideally in June-July i.e. before commencement of a new academic session, so that action can be taken on the suggestions of Academic Council. The Board of Studies meeting should precede the Academic Council Meeting so that the deliberations made can get the approval of the Council.

(Action – Controller of Examination)

The minutes of the Academic Council should always be accompanied with Report (AT) needs to be circulated among members in soft copy prior to the meeting. The notice should be given 7 days in advance. He hoped that all this would be implemented from the next session.

(Action – UGC Coordinator)

The results of 2016-17 and 2017-18 were ratified.

The Controller of Examinations Dr. Debabrata Mohanty said that CBCS pattern cannot be implemented as there is a shortage of faculty and funds. The proposal for e-examination & e-voting was accepted with the go-ahead signal was given. The suggestions from Prof. Maheswar Sastry and Prof. Ranjan Bal were that the modalities in regard to this have to be worked out at our level. The examination section can call for questions online with a designated ID and security code for question setters and select one set. On the proposal over bar coding of answer scripts opinions were given. It was desirable but not practicable. However, it can be explored and shall be taken as an initiative in practice. The entry of marks in mark foils and tabulations thereafter can be done online.

Regarding rechecking of answer script by the students themselves in the classrooms the suggestion was that there would be no problem if the practice of displaying the internal marks Examination notice board before sending for tabulation which is in practice in Ravenshaw is followed here. The pattern of question to be set for term-end examinations can be discussed with the Controller.

(Action – Controller).

Prof. Bal suggested to take help of Dr. Gopal Nayak, Director IIIT, Bhubaneswar for a Software on Examination Reforms. He also focused on the Governance Project of World Bank which is a fool proof secured system. Dr. Nayak should be invited for an interactive seminar on this package.
(Action -UGC/IQAC)

It was resolved that the Travelling Expenses of the Controller of Examinations be raised to Rs. 25000/- and it is to be in conformity with the University rules and regulations. It was approved.
(Action-Accounts Section)

In regard to holding of Students' Seminars if be reflected in the time table earmarking the day convenient to the respective departments. Future it was suggested that research methods and style of seminar presentation can be discussed in the classes. For project submission, the marks shall be divided as 70 for project writing and 30 for viva-voce.

(Action -Examination Section, Heads of Departments)

Intervening in the discussions Dr. Pravati Kumari Mohapatra from the department of Zoology, Utkal University suggested that science departments are on with practical classes and have put in place the style of presentation. Prof. Bal suggested that Humanities and Commerce can go ahead to create practical classes and this college can be the first in Odisha in introducing such an innovative curriculum development.

(Action-Deputy Controller of Examinations)

Add-on courses presented by the departments were accepted and it was resolved that the Principal and heads of departments along with the UGC have to finalise the details. Regulation of scholarships is to be done so that more and more students avail of the benefits. New scholarships can be introduced but proper management is required to avoid double deals.(Action-Prof. In charge of (Scholarship)

Counselling and placement cell has to take serious efforts for student progression towards employability and it should come up with career suggestions for courses offered. Training for entrepreneurship can be taken up for three years with the World Bank support. Prof. Debabrata Mohanty, Controller apprised of the on going training programme be Lenova under their CSR activities.

(Action-Prof. In charge Counselling and Placement Cell)

It was resolved that sufficient funds shall be allocated from world bank assistance and other sources (6 lakhs among the 20 departments) in the current financial year so that this problem can be handled. (Action - Prof. in charge of Library)

Provision of books and availing of free books shall be explored subsequently.

The coordinator for World Bank, Dr. Sushil Patnaik and Dr. Pradipta Mohapatra for RUSA made a brief presentation of the different heads on which allocations are to be received by the college.

World Bank assistance of 4.4 crores for non-civil works out of which 11 lakhs have already been sanctioned this year for Library books, automation and furniture, while major component of RUSA will be for Laboratory equipments.
