

# STUDENT SATISFACTORY SURVEY 2017-18

## About the Survey

Students of an Institution form the core of the stakeholders and all the activities undertaken by the institute are focused on creating a barrier free and conducive environment for excelling in their academics. In this regard the institution has provided many facilities for the benefit of students such as Hostels, Drinking Water, Canteen etc. to name a few. In the process the institution strives to achieve its program objectives as laid down in the policy document. It becomes imperative for any institution to reiterate that, it is achieving its set goals and therefore it becomes necessary to elicit perceptions and opinions of the students who are the foremost stakeholders and identify the deviations if any, to improve the system and hence this survey is being carried on.

## Survey Process:

The survey is conducted and reported by Internal Quality Assessment Cell (IQAC) with support of Heads of all the departments. The questioners were prepared and circulated to all the departments and then to students. The feedback was taken on different attributes like; Basic Facilities, Basic Services, Maintenance and Cleanliness, Co-curricular and Extracurricular activities, Food and water, Library Services and Hostels. The responses obtained on these dimensions are compiled into a spread sheet, analyzed and logical conclusions are drawn there from. As all the values are represented in terms of percentage, a value above 50 indicates an above average satisfaction. The weighted average value of student satisfaction is obtained after assigning weight age to the parameters on the basis of judgment applied by the members of IQAC. The results of the survey will help the institution to understand both short term and long term needs of the students and initiate remedial action to improve the facilities wherever it is required.
